BICENTENNIAL SHAPING UP; PARTICIPATION IS INVITED

PORTERVILLE - Bill J. Reece was named co-chairman of the Porterville-area American Bicentennial commission at second meeting of the group held Monday night in the Porterville city hall.

In addition, general policies and plans for the commission were discussed, with Chairman Buck Shaffer emphasizing that the commission will work in a "coordinating capacity," and that all community organizations are encouraged to develop their own programs involving historical observances relating to America's 200-year history.

Norma Carlisle, of Ducor, was named commission secretary and Bill Rodgers, commission publicity chairman.

Special committees will be named at April 21 commission meeting in the three basic areas of the Bicentennial celebration: Heritage '76, dealing with history; festival '76, dealing with entertainment-oriented projects; and horizons '76, dealing with creation of lasting memorials.

Bill Horst, vice chairman of the Tulare County Bicentennial commission, will serve as coordinator between the Porterville and the county commissions.

Commission members voted to lend support to Holy Week services which will carry a general theme, "Worshipping In the Spirit Of 1776," also to the placing of a plaque on Memorial day commemorating the old town of Plano - a project sponsored by the Plano 4-H club and the Tulare County Historical society.

Special emphasis was placed on commission member cooperation with the Porterville High School Drama department in the recreation of the assassination of Abraham Lincoln, April 16, in the Memorial auditorium.

The forthcoming Jackass Mail was favorably discussed as an annual event with historic background; general discussion involved encouraging the use of flags in the community; a list of supply sources for costumes appropriate to the Bicentennial celebration will be compiled; "resource people" will be listed who can present programs concerning local and American history; an effort will be made to develop a personality image relating exclusively to the Porterville-Area Bicentennial celebration; and initial planning was approved for development of a historical sites map of the community.

Commission members attending the Monday meeting included: Shaffer, Reece, Horst, Rodgers, Mrs. Carlisle, Jeff Edwards, Gene Duncan, Hannah Schultz and Anne LaPresta. The Rev. Bill Harrison represented the Rev. Wil Spaite; Gary Irish, Porterville's deputy city manager, and Frank Brown, commander of Post 20, The American Legion, participated in the meeting.

FAIR EXHIBIT SPACE, PROGRAM ADVERTISING SALE STARTED BY PORTERVILLE JAYCEE COMMITTEEMEN

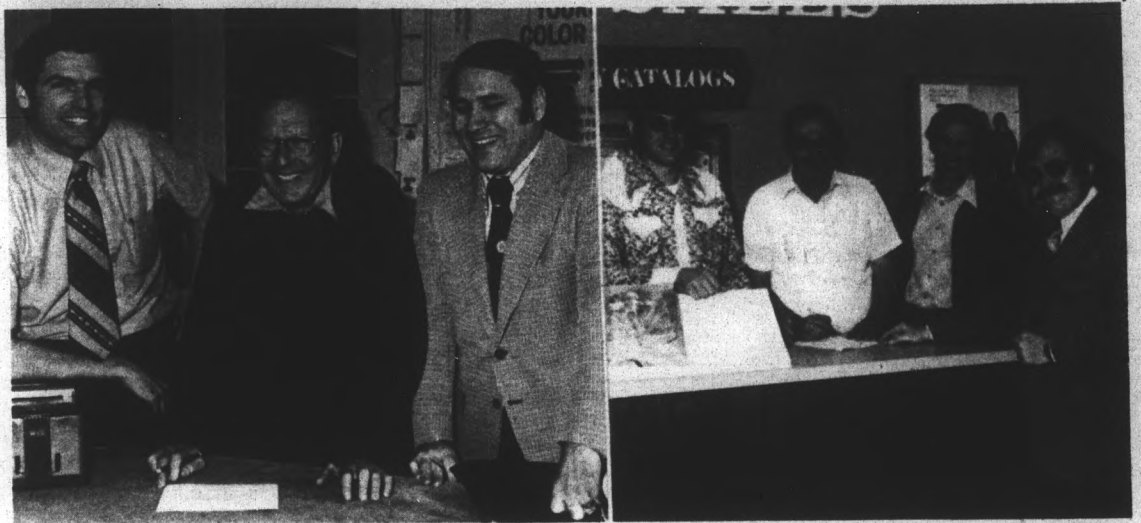

EXHIBIT SPACE and program advertising for Porterville's 28th annual fair went on sale this week. Porterville Jaycees, working under contract with fair directors, "hit the pavement" to contact exhibitors and advertisers from past years as well as new participants. In photos, at left, John Daybell, of Daybell Nursery, signs the first 1975 exhibit space contract presented by Larry Graves, left, and Gary Wallace, to continue the Daybell record of having exhibited in every Porterville fair. In right photo, Bernard Trimble, of Sears in Porterville, buys the first '75 program ad, with, from left, Jim McDonald, Bob Griswold, and Mike Lady, Jaycee salesmen, looking on. Wallace is general chairman of sales; Lady is in charge of program advertising; Charles Edward Howell, current Jaycee president, is in charge of exhibit space sale. Information on exhibit space is available by calling Wallace at 784-8740 after 6 p.m., or at 784-0254. Meanwhile, fair directors have "started the wheels turning" toward opening of the 1975 fair on May 15 for a three-day and night run through May 16 and 17. Fair features will include indoor and outdoor exhibits, a professional outdoor show each night, a "million dollar" display of 4-H and Future Farmer livestock, home-operated food concessions, horse shows, market livestock auction, displays of home economics, ag. mechanics and ornamental horticulture, livestock exhibitors banquet, a carnival, and other exhibits and attractions. The Porterville fair is the largest event of its kind in California that operates without aid of state funds. (Farm Tribune photos)

Editorial Comment

By CLEM WHITAKER, JR.

The fiscal economy pitch of Governor Edmund G. Brown, Jr. gets better with the passing days. The man apparently means what he says about superfluous spending.

In a recent lay-down-the-law session with a group of criminal justice planners, Brown said the Romans used to have a saying about who will "guard the guards."

"I want to know who will plan the planners," he said. "We have more plans and data and experts on how to win the war on crime and we are not winning. We are losing."

The Governor wanted to know what California had gotten for the \$200,000,000 in U.S. funds it has spent under the federal Law Enforcement Assistance Act.

"It's time to be honest and ask yourself what you have done to curb crime. Are the streets safer in Los Angeles or San Francisco or Oakland or anywhere because of the \$200 million plus that has been spent by regional plans, by the state plan? Can you honestly answer that? I don't think you can," he told the audience of directors and local chairmen of the California Criminal Justice Planning

program. The Governor's start remarks followed his action in suspending funding of the \$64,000,000 a year effort to determine what results it achieves.

"We have nothing but plans," Brown said. "I think now is the time for action. I am sure there may be some good programs, but I want to take a good hard look at it. Where they can stand on their merits, I intend to support them, but I also see this country spending money it doesn't have. If someone on the street corner does that it's called a crime — cashing checks with insufficient funds. Don't call it federal, state, local or regional money. It's our money."

The Governor suggested that it might be well for California to set an example for the rest of the country and refuse federal funds for such purposes and live with its own budget. A member of the group said "that's ridiculous." The Governor responded, "If that is ridiculous, then we are in big trouble in this country."

If Brown were a Republican they would be hanging him in effigy. He might make it yet, but the taxpayers like it.

CALIFORNIA SPEAKS

Dr. L. S. Don Kimbrough, S.F., black physician and business leader — "The thing in least supply in man is his brain and I think it should be prodded to peak performance to make life a little better on earth."

Jack W. Keating, Burbank water expert — "California will soon have to come to understand that current pressures to avoid additional water development will soon have to be abandoned and the battle to get every ounce of food out of every irrigable acre joined."

Robert Rosefsky, Arizona financial expert and writer on economy during Calif. visit — "The plain old law of supply and demand, the law of the jungle, is what's going to get us out of all this."

Speaker Leo McCarthy, Sac'to: "(Legislators) are growing weary of getting beaten over the head constantly by the press... A particular newspaper (is) trying to build its circulation at our expense."

Governor Edmund G. Brown, Jr., nixing free state employee briefcases: "Too often I find the volume of paper expands to fill the available briefcases."

Maurice Stergios, S.F. restaurateur: "A racehorse is an animal that can take several thousand people for a ride together."

Raymond Procnier, Chairman, Adult Authority: "We cannot expect anyone in prison to become better than when they came in."

Senator Ralph C. Dills, Gardena, on school smoking: "I don't know how teachers are going to get any discipline at all if you keep saying students have this right and that right."

OUR TOWN

I have one very bad habit. When someone calls on the phone, I don't listen for names. HELEN ARMISTEAD called and asked if I had noticed the lovely flowers at the sides of the road on the way to Springville. I was a little more dense than usual at the time, and just got the name MARY HARDAWAY. So I ended up calling MARY to find out who had called me. Now I know. It was HELEN ARMISTEAD, and she wanted me to be sure and see the flowers. I'm so glad she called. We went to Springville for breakfast, and on the way saw the flowers. They are lovely, and I wondered who did such a lovely thing for us to enjoy. Soooooo, I called MAXINE VERNON. MAXINE knows everything that goes on, and she told me that the State Highway men had planted the seeds when they fixed the road. How nice. Now, if the little darlings who are picking the flowers would please stop, it would be great. The flowers are a mixture of African Daisies, and many poppies. They are really beautiful, and we thank the Highway men for planting them.

HANK EDWARDS has an unusual upholstery job. Someone brought in an old ice box which is finished in its original wood, and wants it to be completely upholstered inside with purple velvet, for a bar. I can't wait to see it when it is

finished. What a wild idea.

CAROL MOSCONI is now an aunt. Her sister-in-law, LINDA LOYD MOSCONI, is now the mother of JOSEPH WEBB MOSCONI. In africa yet. I hope JOHN WEBB and MILLIE LOYD arrived in time to see their new grandson. CAROL is one of the most talented artists in our figure drawing class. She makes the rest of us feel very inferior, but we like her anyway. MARGARET KAY WHEELER and MARILYN WELDON are also in the class, and although I try very hard, they make my poor attempts look so amateurish. TOM HOWELL is our instructor. TOM spent some of his army life at Ft. Sill, Oklahoma, and at present is having an exhibit of his drawings at the Gibraltar Savings and Loan association. The title of his exhibit is, "We Are All Okies." That title should go over like a lead balloon around here. A few weeks ago he gave a talk and demonstration of his art to the A.A.U.W. meeting, and from what I heard, he made the members' eyes water. JULIO UGAY is another member of our art class. His special type of work is Primitive Art. His drawings have a lot of primitive feeling, and are very unusual. He also helps FLORENCE OFFUTT with the mosaics that are in the sidewalks downtown. Everyone in this class seems to do their own thing, and have their own

FARM FRONT

VISALIA — This is the way it was on the county farm front during the week that ended March 15, according to a report from agricultural Commissioner Clyde R. Churchill:

Small grains growing well as soil moisture conditions improve; some grain being irrigated; herbicides are being applied for control of broadleaf weeds.

Emperor grapes moving from storage; vineyards being French-plowed; irrigation and cultivation of fruit and nut trees continuing.

Navel oranges moving to market in good volume with quality maintained through heavy gradeout; both Navel and Valencia oranges continue to fall in the grove.

Tomatoes are growing normally with some replants due to frost damage.

Hillside pasture grasses growing well.

GREEK MYTHS

PORTERVILLE — A college transfer class which will take a lively approach toward classic Greek myths will hold its first meeting tonight, March 20, at Porterville college.

Hans von Buelow, instructor, said the class in English 15, will meet in the Science-Mathematics building from 5 to 7 p.m. for a nine-week period; students may elect to take the course for credit or non-credit. FFA FIELD DAY

FRESNO - Preparations for the 27th annual Future Farmers of America Field day at California State University, Fresno are under way with the

event to be held Saturday, April 19. Some 1,500 FFA members from throughout California are expected to compete in the 16 agricultural contests that make up the Field day.

Storage Facilities Loans Available

VISALIA - Pointing out that many farmers may experience problems this summer and fall in finding storage facilities for grain, Bob Clark, chairman of the Tulare County ASC committee, suggests that use of the ASCS farm storage and drying equipment loan program can help prevent the problem of finding storage facilities.

Five-year-term loans up to \$25,000 at a current interest rate of approximately 6% are available to farmers producing small grains and dry edible beans, Clark says. Application should be made at the county office of the ASCS, 3346 West Mineral King, Visalia, where records are maintained for the farm to which the loan applies.

REFUELING

LOS ANGELES - San Onofre Nuclear Generating station was taken out of service March 14 for a scheduled refueling of the power facility, Southern California Edison company has announced. The plant is expected to be out of operation for about seven weeks.

Wholesale Milk Prices Suspended

SACRAMENTO - As a result of public hearings held in early February, all remaining wholesale milk prices in the Central Valley, Tulare-Kings, and Kern County Marketing areas were suspended, effective March 16.

Director Tim Wallace, State

Department of Food and Agriculture, said the decision to suspend these wholesale prices was based on testimony and evidence presented at the hearings held in Fresno, Visalia and Bakersfield. There was no testimony in support of suspending minimum retail prices.

"CLEAN AIR"
MOTOR VEHICLES

SACRAMENTO — An additional 6,017 motor vehicles in California qualified during 1974 for a "clean air" tax exemption, bringing the total to 27,406. The clean air exemption was created when, in an effort to encourage reduced air pollution, the state legislature voted to grant an exemption from the use fuel tax on liquefied petroleum gas, liquid natural gas and compressed natural gas when the fuel is used in motor vehicles equipped with a conversion system approved by the State Air Resources board. Fuel used in approved vehicles is also exempt from the sales and use tax.

whom is unknown in light of current unrest and undue ambition among the has-beens.

In answer to unreceived communiques, names of ex-wagon masters are herewith and forthwith listed so they can be immediately forgotten: Chet Griswold, who led the first Jackass Mail in 1962; the late Carroll Simmons, Lyle Attebury, Domer Power, Gene (Doc Small) Duncan, Bill Rodgers, the late Tom Masonheimer, Walt Pratt, Bill Ellsworth, Alan Hammond, John Hall, Ron Peyron and Beckley.

There is some reason to believe that this unillustrative group will arrive at a decision Friday night as to the 1975 wagon master, but an ugly rumor is being frequently heard that certain of the women's lib crowd is preparing to march - just when and from where to where is not known - but there is some possibility that the Mountain Lion saloon may be a focal point.

Undaunted, and fearless in their dedication to duty, the ex-wagon masters plan to set a pot of beans on the back burner, come Friday, and an effort is being made to secure the services of the MLS Bach instrumental quintet to lend cultural overtones for the delight of discerning patrons of the musical arts.

All and sundry are eligible to appear at the Mountain Lion in anticipation of scholarly and profound announcements by ex-wagon masters.

Range and pasture feed conditions are generally improving throughout the state.

The one & only object of this sale is the final, definite and complete disposal of this giant stock of fine, quality, ladies' ready-to-wear. We did not want to renew our lease. This fact, along with other plans we had, prompts this drastic action! No cost, loss, or set of circumstances will alter our clear course in the complete and final liquidation of all stocks & fixtures. Every fashion item plainly marked with big red & yellow quitting business tags for your quick, convenient shopping pleasure. Nothing reserved - Nothing held back... Take It Away!
